THE BEST ENGLISH CENTER

Joyful Education Center was created by a team of executives with more than 10 years of experience working at a language school in the Philippines, based on their operational know-how. A variety of English courses developed specifically for speaking are designed to help students improve their skills in a short period of time.

T-Shine Campus is a newly built hotel in 2022 and features clean and tidy facilities. Since the academy is located within the hotel, it is easy to get to the classroom and creates an environment where students can concentrate on their classes.

The campus has a variety of hotel amenities, including a swimming pool, fitness center, kids room, massage shop, and cafe, so you can comfortably use them and get hotel services throughout your stay. T-Shine Campus is close to famous resorts such as J Park Resort and Plantation Bay, and it is easy to travel to Cebu City through New Bridge.

Accessibility to downtown areas such as SRP and SM Seaside Mall, which are emerging as the center of Cebu City, is also very good.

01 FEMALE FRIENDLY CAMPUS

Joyful Education Center promotes female-friendly language training as a new model for English center. We provide various services such as safe call taxi service and diet meals (various salads and fruits) so that female students of various ages can live safely and healthily in a pleasant hotel with convenient facilities and enjoy studying English.

02 CORE VALUE

For language training in the Philippines, the management team with more than 10years of experience who knows the programs and services that students want better than anyone else has gathered and released all of their know-how based on the best trust. In addition, we provide premium lifestyle services and spaces at the hotel that add leisure and dignity to English training.

03 THE WORCATION

Worcation is a combination of WORK+VACATION and is in high demand among office workers who can work remotely. This program is suitable for both working moms and working dads who want to study English with their children or office workers who cannot afford to miss both rest and work. Joyful Education provides the optimal environment for office workers to take care of online work, relax at a hotel, and study English.
